PPAP (Production Part Approval Process)

PPAP (Production Part Approval Process) is a process that ensures that a supplier's production process is capable of producing parts that meet the customer's requirements. It involves a series of steps, including design review, process control, and statistical process control. The process is used to verify that the supplier's process is capable of producing parts that meet the customer's requirements. The process is used to verify that the supplier's process is capable of producing parts that meet the customer's requirements.

PPAP - Wikipedia

A measurement systems analysis (MSA) is a thorough assessment of a measurement process, and typically includes a specially designed experiment that seeks to identify the components of variation in that measurement process.
