The Fox series (I refuse to call it the Madison Wolves series, because the main character is a Fox ... who is desperately trying to stay a Fox amongst all the big dumb and sometimes lovable wolves) seemed to be causing a big stir in some lesfic readers' circles, so I figured I would give it a try.

Reviews Fox Run (The Madison Wolves, #1) M 2013-08-29 I actually read this book about a year ago but have hesitated before putting up a review for reasons I will explain. This is an okay book, not great but not outrageously bad.

Fox run is a lesbian love story between a powerfull alpha werewolf and a cute and sneaky little werefox. It was an enjoyable read, funny and charming. it could have been a five star with a better editing. Some chapters were too long and lost its nerve, but overall it was an entertaining and fun read
