R Markdown: The Definitive Guide - bookdown.org

This book is not about JavaScript design patterns or implementing the object-oriented paradigm in JavaScript. It was not written to distinguish the good features of the JavaScript language from the bad. It is not meant to be a complete reference guide. It is not targeted at those new to programming or those completely new to JavaScript. And it is not a cookbook of JavaScript recipes. All of these books have already been written. It was my intention to author a book that would give the reader ...
