Computer use is an integral part of the Civil Engineering curriculum. From required courses in computer programming and numerical analysis to subsequent use and development of Civil Engineering programs, students experience the use of computers as a planning, analysis, design, and managerial tools.

Oh, this is really interesting! I'm a freshman engineering student down here in the States (I'll be entering into the Computer Engineering program this fall, maybe then I can help out with this Q&A!), and it's cool to see how Comp Sci works in not only the work place, but right here in the University, too.
