WAMAP is a web based mathematics assessment and course management platform. Its use is provided free to Washington State public educational institution students and instructors.

WAMAP

Online homework and grading tools for instructors and students that reinforce student learning through practice and instant feedback.

WebAssign

Active Calculus - single variable is a free, open-source calculus text that is designed to support an active learning approach in the standard first two semesters of calculus, including approximately 200 activities and 500 exercises.

Active Calculus

Calculus (from Latin calculus, literally 'small pebble', used for counting and calculations, as on an abacus) is the mathematical study of continuous change, in the same way that geometry is the study of shape and algebra is the study of generalizations of arithmetic operations.
