This paper introduces the multiplicity of official concepts, definitions, and measurements of economic contributions and performance of formal and informal enterprises in Indiaâ€™s manufacturing and services sectors. Conceptually, formal (or informal) enterprises are distinguished by registered (or unregistered), organized (or unorganized), and regulated (or unregulated) enterprises. Employment size is a major criterion to define these enterprises. In contrast, registered and unregistered ...

Terminology. Use of the term feudalism to describe India applies a concept of medieval European origin, according to which the landed nobility held lands from the Crown in exchange for military service, and vassals were in turn tenants of the nobles, while the peasants (villeins or serfs) were obliged to live on their lord's land and give him homage, labor, and a share of the produce, notionally in exchange for military protection.
